

quality style  
reliability ...we've got it wrapped up

## DWD XP SET PACKED drawer system

With DWD-Dynamic-XP, furniture designers can use their imagination. The wide range of high-quality movement options and the different combinations of material, colour and design allow total creative freedom.

**G\*GRASS®**

### DWD-DYNAMIC-XP DRAWER SYSTEM

The versatile comprehensive drawer range offers maximum comfort and individual design options – including the slides and add-on system.

## DWD XP SET PACKED drawer system

### DWD-DYNAMIC-XP DRAWER SYSTEM

It is the connection that matters. The extraordinary operating characteristics of the Dynamic XP slide system and the elegant design of the DWD XP drawer system combine to form a comprehensive drawer system of the highest quality.

**It is nice when a product meets all rational arguments but still offers individual style.**

DWD-Dynamic-XP means variety of the finest quality. Various colour options, different materials, design features and shapes, as well as numerous high-quality add-on and organizing systems – all harmoniously coordinated – these are the ingredients for individuality, comfort and lifestyle. DWD-Dynamic-XP – a functional highlight for stylish furniture.

**Comfort is a question of technology: Soft-close – the integrated damping system sets the standard.**

With Soft-close, the comprehensive damping concept by GRASS, each movement becomes an experience. Because closing drawers with Soft-close is something special. Soft-close gently slows the closing action of the drawer and silently pulls it to the fully closed position. It is no surprise therefore, that Soft-close has become the benchmark.

**Movement comfort of the highest level: GRASS opening systems for furniture without handles.**

Modern furniture appeals through its large, quiet surfaces and minimalist elegance. To match this trend, DWD-Dynamic-XP offers two innovative opening systems: Tipmatic Plus and Sensomatic. With Tipmatic Plus, the mechanical opening system, it is possible to design large fronts without handles that will open with a slight touch. Sensomatic, the new electro-mechanical opening system, combines the advantages of handle-free opening with the elegance of damped closing.

## DWD XP Set pack availability chart

**Finish: White**

**Compatible with:**

TIPMATIC PLUS (Mechanical touch to open drawer system)

SENSOMATIC (Electro. Mechanical touch to open drawer system with soft close)

Note: See relevant Grass technical catalogues for details of the above drawer systems.

## Add on systems – Duowing - Solowing

**Duowing – the compact container solution for storage goods.**

The side sections closed off to the outside offer stable protection for stored goods. Duowing sits firmly on the drawer side over the round rail and forms a compact, harmonious self-contained unit. High-quality surfaces emphasise the sophisticated design and create eye-catching details in the furniture.

The variable dividing systems of Magic Optima and Magic Classic fit ideally into the interior of Duowing

components. They easily create order and provide loose materials with sufficient support.

- Integrated inclination adjustment of drawer front through lengthwise dividing rail
- Stable front panel support
- Fixed connection of front and drawer back
- Fast and efficient installation
- Fit and remove without tools

**The flexible add-on system with the striking profile.**

Solowing makes flexibility visible. Round locking holes; striking fixed points for the dividing systems Magic Classic or Magic Optima. Variable, individual organisation of the pot drawer is made easy: simple and precise locking into place and easy to reposition. Solowing helps create order and provide loose materials with sufficient support. High-quality surfaces emphasise the sophisticated design and create eye-catching details in the furniture.

Some features at a glance:

- Simply hang into the railing system of DWD XP
- Integrated inclination adjustment of drawer front through lengthwise dividing rail
- Stable front panel support
- Fixed connection of front and drawer back
- Fast and efficient installation
- A maximum of storage space
- For variable partitioning in length and width with Magic Classic or Magic Optima

## Dividing and organizing systems

Magic Optima, Magic Classic and Magic Sorto.

### Everybody needs help in the kitchen, especially when organizing the drawers.

Magic Sorto, our drawer organizing system, has everything the customer needs. Excellent design and versatility for custom storage solutions.

The advantages at a glance:

- Trays made of stainless steel
- More storage due to the clever design of the Sorto insert.
- Hygienically approved
- Easy to clean, dishwasher safe
- Versatile system due to spring-loaded divider rail.
- Expand and upgrade individually.

### Two systems – one aim: Organise with style

For the DWD-Dynamic-XP add-on systems we offer two dividing systems to allow optimum use of storage space: Magic Optima for the add-on systems Variowing, Duowing, Solowing, and Magic Classic for the add-on systems Solowing and Duowing.

Both dividing systems have numerous variable system components that enable individual organisation of drawers.

The dividing systems put pots and pans into their place and utilise every corner of the drawer.

- Adjustable system elements
- Free choice of interior partitioning
- Optimum storage space utilisation
