

nikpol™

commercial range

Designing interiors for commercial projects can be a tricky business. The space must be efficient and cost-effective, but at the same time create a unique and engaging experience. Fortunately you can now choose décors from nikpol's commercial collection that are cutting edge for all your new projects and refurbishments.

Nikpol's commercial Melamine is manufactured from a decorative printed paper using a F**** (0.3mg/l), PEFC certified particle board substrate, making it environmentally preferable Greentag Level A certified and Sensitive Choice endorsed for asthma sufferers. Ensuring you create a space that is breathe easy. Melamine is the optimal material for vertical and horizontal furniture applications including: cupboard doors and drawers, wardrobe carcass, wall panelling and office furniture. Every décor uses the most appropriate surface texture, ensuring EGGER's Melamine boards, look and feel authentic.

Our commercial range comes in a variety of decors and thicknesses and coordinates in matching chemical resistant laminate suitable for every commercial project. Nikpol's collection includes 17 decors, five of which are Feelwood synchronised wood grains, which replicate natural, striking and realistic timber decors, that look and feel like real timber.

This range of 17 decors can make all the difference without breaking the bank available in Melamine Board, ABS edging, and Chemical Resistant Laminate, some of the decors also come in matching Compact Laminate, J-handle, Worktops and 3D films, refer to the availability chart for full details.
